

WORK EXPERIENCE

XAVIER UNIVERSITY, Health Services Administration Department, Cincinnati, OH

Assistant Professor and Director of the Undergraduate Program, August 2020 – present

Major responsibilities included:

- Teaching 2-3 classes per semester (see full list below).
- Advising undergraduates and graduate students, including graduate students during their residency.
- Directing the undergraduate program, resolving student and faculty issues, maintaining data for annual assessments and accreditation, planning curriculum, and representing the program, as needed.

INTERACT FOR HEALTH (formerly The Health Foundation of Greater Cincinnati), Cincinnati, OH

Vice President, Research & Evaluation, May 2015-July 2020

Interact for health is an independent foundation that serves 20 counties in Indiana, Kentucky, and Ohio. Its mission is to improve health by promoting health equity through community engagement, grants, research, education, and policy. Interact has an annual budget of approximately \$11 million dollars and 30 FTEs.

- Operational duties:
 - Lead strategic planning, evaluation, and impact measurement processes for the organization;
 - Serve on the Executive Team;
 - Attend events or speak to the media when the CEO is unavailable.
- Lead and manage the Research & Evaluation Team (budget of \$1.2 million and 4-5 FTEs):
 - Help shape and monitor all organizational research and evaluation projects;
 - Lead team meetings and annual work plans;
 - Community research, Interact's applied research and community data collection and monitoring work. Including the Greater Cincinnati Community Health Status Survey (CHSS) and the Ohio and Kentucky Health Issues Polls (OHIP and KHIP). This work is widely referenced and cited in the local media.
 - Evaluation, from the success and impact of individual grants to portfolios of grants as well as our contribution to community health improvement.
 - Conduct annual employee evaluations.
- Board Duties:
 - Lead content development for one of the five Board Committees, the Strategy and Policy Committee. This includes drafting agendas, gathering necessary back-up documents, preparing presentations or asking staff to do the same, and working with the Board member chairing the committee to ensure their goals are achieved.
 - Attend all Board Meetings and serve as the Secretary, this includes editing and approving final minutes after each Board Meeting.

- Represent Foundation in the community at public events and with Board service to other organizations.

Director of Community Research, May 2008 – May 2015

- Lead Foundation’s Health Data Improvement and Community Research Programs
 - Programs included a diverse portfolio of projects designed to improve regional health data through original research, improved data access and standardization.
- Lead and manage Foundation’s data collection projects including the Greater Cincinnati Community Health Status Survey (CHSS) and the Ohio and Kentucky Health Issues Polls (OHIP and KHIP).
- Often interviewed by media (radio, newspaper, and TV) about Interact’s data and research.
- Managed several consultants, staff and interns and a \$300,000-\$500,000 budget annually.

INSTITUTE FOR POLICY RESEARCH – UNIVERSITY OF CINCINNATI, Cincinnati, OH

Junior Research Associate, August 2006 – May 2008

Responsibilities included: data extraction and analysis (often census data), report writing and editing. Projects included: JETS (Jobs for the Economy of Tomorrow System) a web-based job vacancy and re-training analysis for the Southwestern region of Ohio, *Cincinnati in Black and White 2007*, an analysis of racial disparities in the City, and ongoing data collection and analysis for the United Way’s *State of the Community Report*. Additional duties included, maintenance of the IPR’s website and 26-station phone surveying computer lab.

LABORATORIO R. REVELLI – CENTER FOR EMPLOYMENT STUDIES, Moncalieri, Italy

Research Assistant, September 2004 – March 2006

Tasks included: extracting data from Italian Census and Social Security data to use for analysis and research, creation and analysis of datasets using SAS, qualitative data collection (face-to-face interviews and focus groups), general literature reviews and the writing and editing of research papers in English.
